## Profile

Nice to meet you, I am a graduate Software Engineer with experience in web development, I also have experience as a technical consultant in SAP Cloud Application Studio for more than 1 year. I am a person committed to continuous learning, in addition to always being willing to acquire and improve skills and knowledge in related tools and technologies to progress in my career.

## Skills

- javascript
- React
- HTML and CSS
- SCRUM
- Spanish Language
- MySQL, MongoDB, Firebase
- Bootstrap, jQuery.
- NodeJS (Express)

## Professional experience

### Technical Consultant

dec. 2021– Apr. 2023

*seidor peru*

- In charge of developing solutions to technical problems using SAP Cloud Application Studio, contributing to the improvement of client systems.
- Provide support to colleagues from other areas on technical issues, as well as functional issues based on SAP technology.
- Performed the taking of requirements, as well as clearing the doubts of the clients in the meetings

### Software programmer

sept. 2021 – Jan. 2022

*Ulead International*

- I contributed to an adequate and effective interconnection between the training offer and the demand in the labor market.
- Resolution of practical cases, creation and improvement of web pages, developing strategies based on their acquired knowledge.
- I acquired greater fluency in social and personal skills related to the work environment to achieve the objectives.

### Front End Developer

aug. 2018 – Jun. 2021

*General Services Nelica SAC*

- Streamlined web page development using HTML, CSS, and JavaScript along with tools like Bootstrap and jQuery, enabling faster project delivery.
- Develop mobile apps in Android Studio using XML for UI design and Java for programming, reducing the workload on UI developers.
- Assisted in the productivity and growth of less experienced co-workers through good guidance and good behavior.

# Education

**Bachelor of Software Engineering**  
*Technological University of Peru*

aug. 2022
